LifeWave Independent Distributor

ANNOUNCING... A HISTORIC BREAKTHROUGH
IN AFFORDABLE STEM CELL TECHNOLOGY

Discover How This Powerful Age-Reversing Patch Activates Your Stem Cells... So You Can Look, Feel And Live Younger

LIFEWAVE
X39™

DID YOU KNOW – Low Stem Cell activity could be causing most or all of your current health problems.

DID YOU KNOW – Low Stem Cell activity could also cause future health problems... and could cause you to age faster.

Your Healthier Life Begins Today.

Now you can **activate your body's own stem cells** to help you Look, Feel, Perform, Heal and Live Younger.

Stem Cells have the ability to develop into any type of cell your body needs. They work to repair and regenerate damaged tissue and organs. As we age, stem cells decline in quantity and in their ability to heal our bodies.

The older we get, the fewer stem cells we have... and by age 60 only a small % remain. Sadly, the less you have, the faster you age... and slower you heal.

LifeWave's X39™ stem cell activation patch is engineered to signal your body to elevate a peptide proven to activate stem cells. In so doing, it works to help reset over 4,000 genes to a younger, healthier you.

Continued use of the X39™ patch helps restore the body to a level of health and vitality that many have not experienced in years... even decades.

The secret is our clinically proven and patented phototherapy non-transdermal patch technology... the result of 90+ clinical studies and 20+ years of research.

LifeWave Independent Distributor

The LifeWave X39™ Stem Cell Activation Patch

The LifeWave X39™ Patch contains a very specific combination of organic nano crystals. When applied on or near the body, these crystals are activated by your own infrared body heat.

Once activated, the X39™ Patch emits a specific wavelength of light... which then stimulates beneficial biochemical responses in the body.

It's similar to what happens when you go out to enjoy the sun. A specific frequency of light emanating from the Sun causes your body to make Vitamin D.

This form of light therapy is known as "Photo-Biomodulation" ... and LifeWave's patented technology is based on this same clinically proven, rock-solid scientific principle.

Typical Health Benefits

- ▶ Rapid pain relief
- ▶ Reduced inflammation
- ▶ Better sleep
- ▶ Improved energy and vitality
- ▶ Enhanced sports performance
- ▶ Faster recovery from exercise
- ▶ Improved skin appearance
- ▶ Improved hair quality
- ▶ Rapid wound healing
